

Dear Dr. Ketan Chourasia,

Hope you are well !

As universities and their students come to terms with the challenge posed by the COVID-19, we have launched the Great Learning Academy (GLA) and are offering it to our select partner universities for **FREE**. The GLA offers over **80 courses** spanning over **1000+** hours of learning at the beginner and intermediate levels in digital areas such as **Data Science, Artificial Intelligence, Machine Learning, Cloud Computing, Business, Digital Marketing, Big Data and business areas such as Finance and Marketing**. These courses are oriented towards practical problem solving and are derived from our premium, award-winning postgraduate programs currently being pursued by learners from over 88 countries worldwide.

You are welcome to share this with your students to benefit in these trying times. The students will be rewarded **completion certificates**, which are highly recognized by our network of **350+ hiring partner organizations**.

Dear Student,

Universities around the world have closed due to the coronavirus pandemic, classes have been called off and a lot of initiatives have come to a standstill. In this uncertain time, we urge you to avoid venturing out, pray for your well-being.

To minimize the impact on students, we have partnered with Great Learning to offer an exclusive opportunity to focus your energies towards learning and enhancing your skills. Enroll into these programs built in partnership with industry experts and tier-1 academic institutions - University of Texas Austin, Stanford, Purdue & Great Lakes Institute of Management.

This premium online learning content access has been provided free of cost. Below are additional details about the company and the link to register and access the **student pass**.

The graphic is a promotional banner for Great Learning. It features a dark blue background on the right side where a woman in a red top is sitting in a wicker chair, using a laptop. On the left, there is a white background with text and icons. The text includes the Great Learning logo, a headline asking if the reader wants to make the most of the lockdown, a sub-headline about enhancing skills, and a list of course topics: Machine Learning, Artificial Intelligence, Marketing and Finance, and Industry Case Studies. A blue bar at the bottom left says 'Free access for Partner Colleges' and a yellow button says 'Explore Courses'.
