B. Komodo, Block – Jaspur, Distt – Jaspur (C.G)

Identified problems

1. Drinking water shortage in summer season.
2. People are drug abused.
3. Frequent Elephant infiltration in village
4. People disinfect in open
5. No cell phone connectivity.
6. Literacy rate is low
7. Hand pump not working
8. Solar pump are sufficient in village.
9. Village roads are totally devoid street light.
10. Irrigation system are totally depending monsoon.
11. Public Toilets are not working properly.
12. Not have any schools.
13. Village is devoid of primary health centre
14. Village have dam but due to at lower level water can't be used for irrigation, those which are situated at higher level.
15. Snake are frequently seen in the area.

Key solutions

1. Rain water harwasting should be done and two more water head tank are required
2. Awareness campaign for ODF, child education, drug de addiction for peoples.
3. Secondary and senior secondary school should be opened.
4. All time irrigation system be developed.
5. For livelihood – skill centre for chind mat (chatai made from grass leaves)
6. Cell phones connection/mobiles towers should be installed.
7. 20 Street light should are needed.
8. Primary health centre should be opened.
9. Water pump should be installed at dam to elevate water.

C. Bemtatoli, Block – Kunkuri, Distt – Jaspur (C.G

Identified problems

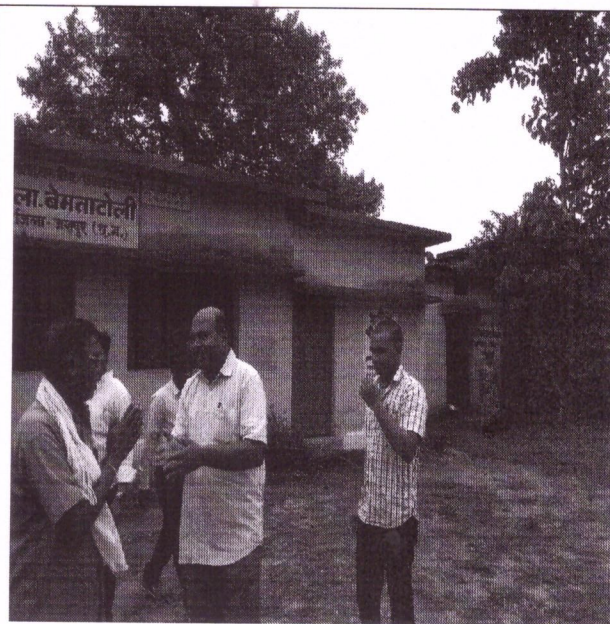

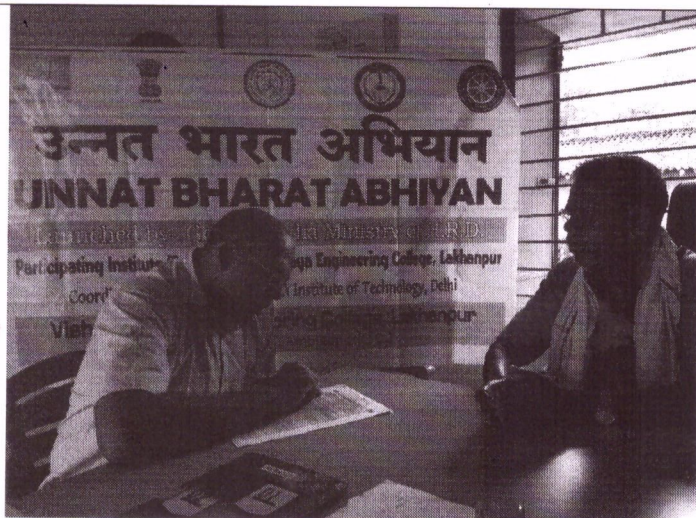

1. People disinfect in open
2. Village is not connect with main road, kaccha road connects to village.
3. Village don't have Community hall
4. Literacy rate is low
5. Hand pump not working
6. Solar pump are sufficient in village.
7. Village roads are totally devoid street light.
8. Irrigation system are totally depending monsoon.
9. Public Toilets are not working properly.
10. Not have any schools.
11. Snake are frequently seen in the area.
12. Drinking water shortage in summer season.
13. People are drug abused.
14. Frequent Elephant infiltration in village
15. Village don't have post office

Key solutions

1. Rain water harvesting should be done and four more water head tank are required
2. Awareness campaign for ODF, child education, drug de addiction for peoples.
3. Senior secondary school should be opened.
4. Community hall should be built.
5. All time irrigation system be developed.
6. For livelihood – skill centre for woods and iron work
7. 50 Street light should be needed..
8. Anti venom medicine should be made available for villager.
9. Post office should be made available at village.
10. Pakka road should be made in village.
