Important Information

Dear All,

Various online platform are available for online certification courses. 4th and 6th semester students also complete their vocational training from these platform.

Here are the list of some online platform which are offering course:-

1. Cousera- Join Coursera for free and learn online. Build skills with courses from top universities like Yale, Michigan, Stanford, and leading companies like Google and IBM.

<https://www.coursera.org/>

This service provide free online courses for learning. If you want to get certificate then you have to pay nominal fees for that.

2. Udemy- Udemy is an online learning and teaching marketplace with over 100000 courses and 24 million students. Udemy is an online marketplace where you'll find courses on everything from calligraphy to photography to programming. The charges for courses in udemy is very less.

Nishant Prakash, Mechanical 6th Semester student completed Autocad2019 course through it.

<https://www.udemy.com/>

3. EDX- At edX, the Verified Certificates are optional for most MOOCs (for a fee) once you complete the course. Your identity will be verified digitally. ... edX offers additional MicroMasters Credentials. With MicroMasters, some online courses can be credited towards an academic master's degree at certain universities.
